

ebm – papst A&NZ is now stocking EC plug fans

ebm-papst backward curved centrifugal EC plug and RadiCal fans are available for ventilation, air handling units, air conditioners, fan coils and fan arrays. We aim to carry stock of EC plug and RadiCal fans and are able to offer short lead times.

EC plug and RadiCal fans are highly efficient, quiet in operation and fully controllable by MODBUS/BACnet. Energy savings of 35% plus are now available without the need for a VSD. We aim to carry stock of EC plug and RadiCal fans and are able to offer short lead times.

ebm-papst high performance centrifugal fan modules offer

- Maximum performance
- Up to 30% energy savings
- Extremely quiet operation
- Integrated intelligent drive electronics for easy speed control
- Easy installation
- Fit multiple applications
- Communication & control via RS485/MODBUS available for most sizes
- Easy integration into BMS with MODBUS/BACnet gateway

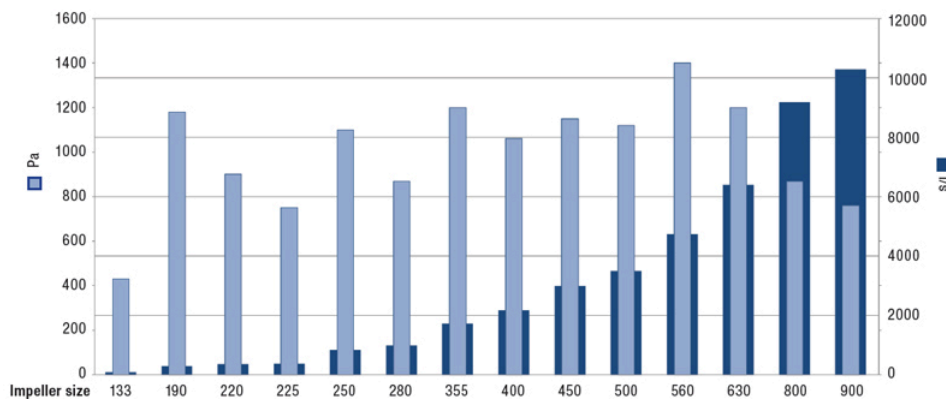

Figure 1: Sizes and performance range in stock (full performance data available in fan selector program).

Fans are available as motorised impeller, spider mount or footmount. Also in stock: RadiCal fans. Please ask us for details.
