Construction Commences for ebm-papst A&NZ's Centre of Excellence

ebm-papst A&NZ places great importance on being able to expand their capability in customer service and support to Australian and New Zealand customers. As part of its commitment to provide Australia's highest quality fan and ventilation solutions, the company is investing in the build of a local Centre of Excellence.

Housing an R&D facility, test rig in accordance with ISO5801, product analysis area and showcasing a new controller range, the Centre will significantly expand ebm-papst's local service capabilities. This investment will enhance the technical support provided, and reinforce the quality of its range of fan and ventilation solutions.

Construction work has already commenced and is expected to be completed by late 2017. An official launch will follow in early 2018. For further information, please contact your ebm-papst A&NZ representative.
