

The following information applies generally, but not exhaustively, to the majority of A.C. products sold in Australia & New Zealand.

Notes

- BE CAREFUL - always check the data on the motor, if in doubt ask an ebm-papst A&NZ representative
- All connection leads brought out by ebm-papst are “internal leads” as defined by EN 60335-1
- “PE” = Earth

Please check our website www.ebmpapst.com.au or catalogue for complete wiring information
